## Rocked by the chop, the LodgeBoat invites you on a journey of spirit and relaxation

The LodgeBoat is defined as a cabin boat. It is a new type of leisure accommodation that is ideal for letting go and living a unique experience. The LodgeBoats offer a surface area of 47 to 64 m<sup>2</sup> with a terrace and all the comfort necessary for a cosy stay.

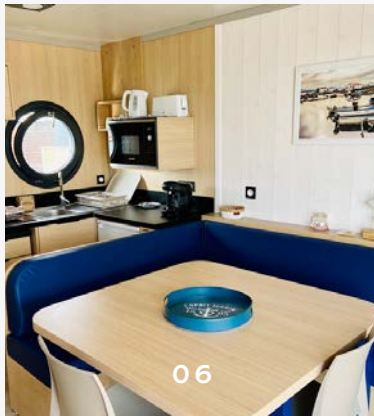

The LodgeBoats are placed on floating platforms hooked up to the fixed pontoon. Moored to the quay, like boats, the LodgeBoats respond to the safety standards specific to the maritime environment. For maximum comfort, the LodgeBoats are powered by water and electricity from the pontoons. Wastewater is evacuated via an innovative vacuum system that guarantees "0" discharge into the sea.

A comfortable interior available in 2 versions:

- LodgeBoat Duo :  
1 room for 2 persons.
- LodgeBoat Family :  
2 bedrooms for 4 persons..

The LodgeBoats have a cosy living space, designed as a Carré de Bateau opening onto a large terrace, a kitchenette, one or two bedrooms as well as a separate shower and toilet.

The decoration with maritime accents and the terrace of 19 to 26 m<sup>2</sup> on the water, reinforce the feeling of living in "open sea" mode and immerse passengers in a real yachting experience while staying at the quay.

# THE HISTORY ————— OF LES ÎLOTS DE GRUISSAN

**FIRST IN FRANCE**, in the history of tourism and marinas, this atypical floating leisure accommodation offer, named LodgeBoats was completed on June 2, 2021!

The realization in 6 months of this slightly "crazy" project was made possible by the common will of all the public actors (State, Region, City & Port of Gruissan) and private (AlliancePlaisance) to join in a logic of bold and pragmatic partnership to revitalize the economy of the marina and the territory.

In order to allow you to enjoy this exceptional environment today, we first had to build the chop-breaking pontoon that protects the LodgesBoats from the turbulence of the water and guarantees a safe mooring. This pontoon, built on the same technical model as the 1944 landing infrastructures, is 340 meters long, 5 meters wide and 2.5 meters high. This infrastructure was built in 6 months under the direction and with the staff of the Port of Gruissan.

The LodgeBoat on which you are staying is approved as a category D vessel, authorized to navigate in protected waters. For safety reasons, it is disarmed during the rental period. It was built under the direction of the AlliancePlaisance teams with the Metalu shipyard and the cottage manufacturer "Chalets Fabre". For each LodgeBoat, it is first necessary to realize on ground a platform on which are added floats which will guarantee its stability. On this platform, the teams assemble and equip each Lodge. The construction time is approximately one week. Once it is built on land, its 12 tons must be lifted to launch it and moor it in its place. This precision work was carried out in close collaboration between the teams of AlliancePlaisance and Metalu who saw to the launching of the structure, while the teams of the port proceeded to the displacement and the mooring of the LodgeBoat in full safety.

Once moored, the LodgeBoat is connected to the water and electricity supply systems as well as to the sewage disposal system, which is hidden in the pontoon breakwater.

Like all projects, les îlots de Gruissan is a beautiful nautical, technical and human adventure carried by the enthusiasm and passion of all the actors without whom nothing could have been realized.

We hope that on board you will feel a little of this passion that we wish to share with you.

Live a beautiful moment "Grand Large" at les îlots de Gruissan

# PASSENGERS, THE FOLLOWING ARE : SAFETY & ENVIRONMENTAL RULES

---

**Les Ilots de Gruissan** are located in the heart of the Marina where the port rules apply. This particular environment requires that you respect a certain number of rules that we bring to your attention.

We thank you for taking the time to read them before entering your LodgeBoat.

Swimming is forbidden in the area of les îlots de Gruissan.

**Movement and activities on the pontoons.**

**For the comfort and safety of all, it is forbidden to :**

- Running on the pontoons.
- Playing ball games, beach games, or any other activity that may disturb the peace and quiet of other passengers.
- Pushing people in the water.
- Move on the pontoon on bikes, scooters or any other vehicle.

**The LodgeBoats :**

- The LodgeBoats are moored to the quay by ropes and are regularly checked to ensure that all their equipment is in perfect working order. The ropes have been professionally adjusted, so it is strictly forbidden to touch them.
- In case you notice a defect on an equipment, we thank you not to intervene directly but to let it know to the Captain of the site who will take all necessary measures to correct the situation as soon as possible.
- Smoking and lighting candles in the LodgeBoats is prohibited. Apart from the services offered by a professional, the use of BBQs is strictly forbidden on board.

**Preservation of the environment :**

- Cigarette butts must be extinguished and disposed of in a trash can.
- In general, it is forbidden to throw fluids or waste into the water.
- The port is a natural and sensitive environment, also we invite you to have a reasonable use of water and electricity resources and to consume only the quantity necessary for your use.

## PASSENGERS, THE FOLLOWING ARE : SAFETY & ENVIRONMENTAL RULES

**Accessibility:** The LodgeBoats have been designed to be accessible to a wide public in complete safety. However, the specificities of the port environment require special attention for the following populations :

- **Children :** The site of les Ilots de Gruissan is accessible to children who remain during their stay under the entire responsibility of their parents. The children who stay at the site of les ilots de Gruissan must know how to swim. A certificate will be given to you upon your arrival to confirm that your child(ren) know how to swim. If necessary, safety armbands will be given to the children. They must wear them at all times when moving around the site. Parents are responsible for wearing the armbands.
  - **People with Reduced Mobility:** Access to the LodgeBoats is via a walkway that is dependent on the water level, with an uncontrolled slope of the tide. We are currently working with an association to study the next adaptations necessary to guarantee access on board for People with Reduced Mobility, regardless of the tidal level. While waiting for these evolutions, our crew is at your disposal to facilitate your access on board as much as possible.
  - **Our friends the dogs and cats are allowed on board!** Dogs and cats are allowed on board with an extra charge (only category 1 and 2 dogs are forbidden). Your dogs must be kept on a leash within les ilots de Gruissan, no droppings or urine are allowed on the pontoons and terraces of the LodgeBoat. Any damage to LodgeBoats will be the responsibility of the owner, and pets must not be left unattended on site (in the Lodgeboat or in a car). In the event of damage caused by an animal, the customer will be asked to pay a minimum of €50 fifty in compensation.

# PASSENGERS, THE FOLLOWING ARE : SAFETY RULES

---

## In case you accidentally fall into the water !

In the case that you fall into the water in the area of les îlots de Gruissan, you should know that each LodgeBoat is equipped with a safety ladder that allows you to climb aboard the LodgeBoat. Its operation is detailed below:

A ladder is available on each LodgeBoat. It is located on the left side of the LodgeBoat (opposite the breakwater).

To access the ladder, pull on the handle as shown in the photo.

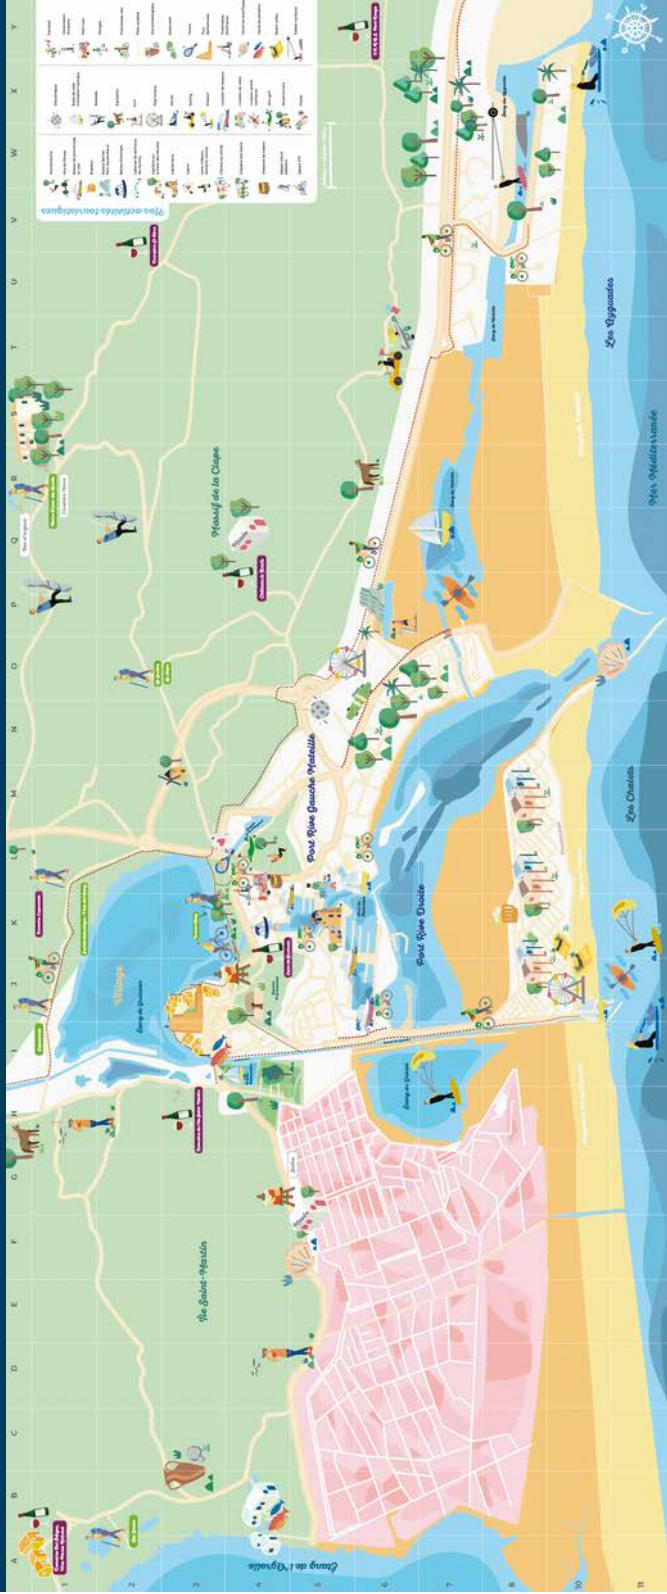

Grasp the ladder with your left hand on the left handle (hold) and place your foot on the lowest stirrup to secure yourself.

**THANK YOU AND
