# WHAT IS A LODGEBOAT ?

---

**Rocked by the chop, the LodgeBoat invites you on a journey of spirit and relaxation**

The LodgeBoat is like a cabin boat. It's a new form of leisure accommodation, ideal for letting go and enjoying a unique experience.

LodgeBoats range in size from 47 to 64 m<sup>2</sup>, with terraces and all the comforts you need for a cosy stay.

LodgeBoats stand on floating platforms connected to the fixed pontoon. Tied up to the quay like boats, LodgeBoats comply with safety standards specific to the maritime environment. For maximum comfort, LodgeBoats are supplied with water and electricity from the pontoons. Wastewater is evacuated via an innovative vacuum suction system, guaranteeing "0" discharge into the sea.

A comfortable interior available in 2 versions:

- **LodgeBoat Duo:**  
1 room for 2 people, including a bathroom with shower and separate toilet.
- **LodgeBoat Family :**  
2 rooms for 4 people, each with en-suite shower and toilet.

LodgeBoats feature a cosy living space, designed like a "Carré de Bateau", equipped with a kitchenette and opening onto a large terrace with a pergola.

The maritime accents of the decor and the 19 to 26 m<sup>2</sup> terrace on the water reinforce the feeling of living on the open seas, and immerse passengers in a real yachting experience while remaining alongside the quayside.

## Electric boat rental

Shh, you're off for a zen ride with your family, totally autonomous.

You've packed a picnic lunch on your Black Pearl of the day. You sail to the entrance of the harbor, passing by the bird island.

The budding sailors can even take the helm, under the watchful eye of their parents, who are captains for the day. Sailing along the coast is a different and original excursion with the backdrop of sublime Gruissan. Your group will appreciate the captain's comments and anecdotes about the beach, the cottages, the marina, etc. You will enjoy the aerial ballet of the seagulls flying around the boat. Gruissan from another angle, to be immortalized with your smartphone !

Open from April to the end of September, book with Nick and Marie "Les bateaux électriques Gruissanais" at 07.68.95.31.79. (From €35 for one hour on a 5-seater boat.)

## Sail along the coast

Admire the "open sea" by paddle, kayak or pedal boat. This is the perfect way to discover the Languedoc coastline where you can enjoy the freshness and sail along the coast. We pick you up in a zodiac and bring you back on board after your outing.

### AQUASTEPPER rates :

# THE HISTORY OF "LES ÎLOTS DE GRISSAN"

ALLIANCE  PLAISANCE

**FIRST IN FRANCE, in the history of tourism and marinas, this atypical floating leisure accommodation offer, named LodgeBoats was completed on June 2, 2021!**

The realization in 6 months of this slightly "crazy" project was made possible by the common will of all the public actors (State, Region, City & Port of Gruissan) and private (AlliancePlaisance) to join in a logic of bold and pragmatic partnership to revitalize the economy of the marina and the territory.

In order to allow you to enjoy this exceptional environment today, we first had to build the chop-breaking pontoon that protects the LodgesBoats from the turbulence of the water and guarantees a safe mooring. This pontoon, built on the same technical model as the 1944 landing infrastructures, is 340 meters long, 5 meters wide and 2.5 meters high. This infrastructure was built in 6 months under the direction and with the staff of the Port of Gruissan.

The LodgeBoat on which you are staying is approved as a category D vessel, authorized to navigate in protected waters. For safety reasons, it is disarmed during the rental period. It was built under the direction of the AlliancePlaisance teams with the Metalu shipyard and the cottage manufacturer "Chalets Fabre". For each LodgeBoat, it is first necessary to realize on ground a platform on which are added floats which will guarantee its stability. On this platform, the teams assemble and equip each Lodge. The construction time is approximately one week. Once it is built on land, its 12 tons must be lifted to launch it and moor it in its place. This precision work was carried out in close collaboration between the teams of AlliancePlaisance and Metalu who saw to the launching of the structure, while the teams of the port proceeded to the displacement and the mooring of the LodgeBoat in full safety.

Once moored, the LodgeBoat is connected to the water and electricity supply systems as well as to the sewage disposal system, which is hidden in the pontoon breakwater.

Like all projects, **les "Ilots de Gruissan"** is a beautiful nautical, technical and human adventure carried by the enthusiasm and passion of all the actors without whom nothing could have been realized.

We hope that on board you will feel a little of this passion that we wish to share with you.

**Live a beautiful moment "Grand Large" at les Ilots de Gruissan**

# PASSENGERS, THE FOLLOWING ARE : SAFETY & ENVIRONMENTAL RULES

MAISON DE PLAISANCE

100%

100%

# IN CASE YOU ACCIDENTALLY FALL INTO THE WATER !

---

In the case that you fall into the water in the area of les "Ilots de Gruissan", you should know that each LodgeBoat is equipped with a safety ladder that allows you to climb aboard the LodgeBoat. Its operation is detailed below:

A ladder is available on each LodgeBoat. It is located on the left side of the LodgeBoat (opposite the breakwater).

To access the ladder, pull on the handle as shown in the photo.

Grasp the ladder with your left hand on the left handle (hold) and place your foot on the lowest stirrup to secure yourself.

**THANK YOU AND  
WELCOME ABOARD !**

---

Les "Îlots de Gruissan" are located in the heart of the Marina where the port rules apply. This particular environment requires that you respect a certain number of rules that we bring to your attention.

We thank you for taking the time to read them before entering your LodgeBoat.

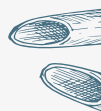

Swimming is forbidden in the area of les îlots de Gruissan.

Movement and activities on the pontoons.

**For the comfort and safety of all, it is forbidden to :**

- Running on the pontoons.
  - Playing ball games, beach games, or any other activity that may disturb the peace and quiet of other passengers.
  - Pushing people in the water.
  - Move on the pontoon on bikes, scooters or any other vehicle.
- 

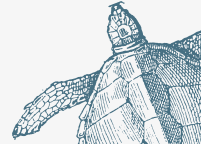

**The LodgeBoats :**

- The LodgeBoats are moored to the quay by ropes and are regularly checked to ensure that all their equipment is in perfect working order. The ropes have been professionally adjusted, so it is strictly forbidden to touch them.
- In case you notice a defect on an equipment, we thank you not to intervene directly but to let it know to the Captain of the site who will take all necessary measures to correct the situation as soon as possible.
- Smoking and lighting candles in the LodgeBoats is prohibited. Apart from the services offered by a professional, the use of BBQs is strictly forbidden on board.

**Preservation of the environment :**

- Cigarette butts must be extinguished and disposed of in a trash can.
  - In general, it is forbidden to throw fluids or waste into the water.
  - The port is a natural and sensitive environment, also we invite you to have a reasonable use of water and electricity resources and to consume only the quantity necessary for your use.
- 

**Accessibility:** The LodgeBoats have been designed to be accessible to a wide public in complete safety. However, the specificities of the port environment require special attention for the following populations :

- **Children :** The site of les "Ilots de Gruissan" is accessible to children who remain during their stay under the entire responsibility of their parents. The children who stay at the site of les "Ilots de Gruissan" must know how to swim. If necessary, safety armbands will be given to the children. They must wear them at all times when moving around the site. Parents are responsible for wearing the armbands.
- **People with Reduced Mobility:** Access to the LodgeBoats is via a walkway that is dependent on the water level, with an uncontrolled slope of the tide. We are currently working with an association to study the next adaptations necessary to guarantee access on board for People with Reduced Mobility, regardless of the tidal level. While waiting for these evolutions, our crew is at your disposal to facilitate your access on board as much as possible.
- **Dogs and cats are allowed on board** for an additional fee of €15/night, with a maximum of one animal per rental. (Only category 1 and 2 dogs are prohibited). Your dog must be kept on a leash within the Ilots de Gruissan, and no feces or urine are allowed on the LodgeBoat's pontoons and terraces. Any damage to the LodgeBoats will be the responsibility of the owner, and pets must not be left unattended on the premises (in the Lodgeboat or in a car). In the event of damage caused by an animal, the customer will be asked to pay compensation of at least €50 (fifty euros)
